

STRIKE PLEDGE

I CAN'T AFFORD A PAY CUT!

I won't agree to pay more for my pension and benefits if I get no raise, even just to keep level with inflation. I will stand together with other UPTe members and all the other union members at UC, to achieve the raises and respect we deserve.

I'll strike to get UC to agree to a fair pay raise that preserves my benefits, and I'll strike if UC obstructs negotiations with bad faith bargaining that holds up my contract.

When enough members of UPTe have signed this "strike pledge," the union will hold a strike authorization vote. If the membership votes for strike authorization, the lead officers of UPTe can call a strike at the most appropriate time and length when bargaining is deadlocked.
